**Time to 5 minutes**  
<https://www.youtube.com/watch?v=h6RNkQ7IU8Y>

### Telling the Time

		
How many minutes are in an hour?	Why is 15 minutes called 'quarter past'?	Why is 30 minutes called 'half past'?
<b>60</b> minutes	<b>15</b> minutes	<b>30</b> minutes
= an hour	= a quarter of an hour	= half an hour

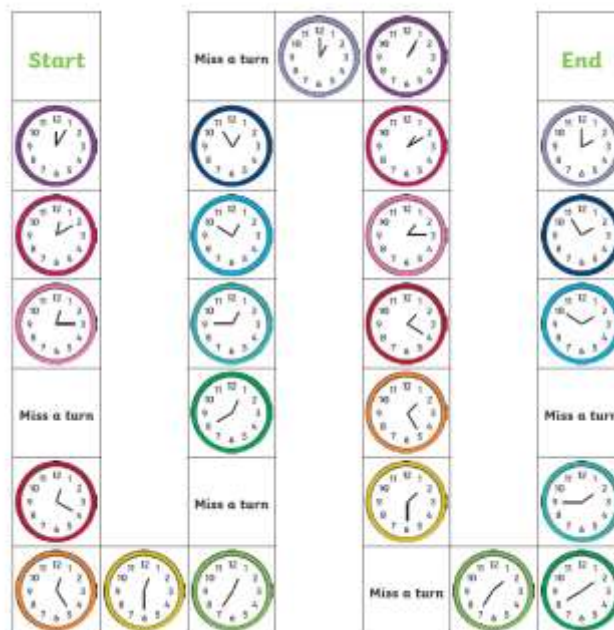

This clock shows the hours in black on the inside, and the minutes in blue around the outside (most clocks don't show the minutes).

Can you see a pattern between the hours on the inside and the minutes on the outside?

**Task 1:** Below are some clocks telling the time to 5 minutes. Remember the small hand is the hour hand, and the big hand tells you the minutes. Try to read the time on these clocks and write them like the first one.

**Task 2:** you can use an interactive dice online if you don't have one!

### Telling the Time Board Game

What time is it?

Roll a dice, move and read aloud the time shown on the clock. The first player to complete the board wins!
