

Year 6 Home Learning

Hey year 6!

I hope you've had good Easter and break so far. I had a day of eating chocolate but now back to trying to eat well and keep active each day. Hopefully now you have established some daily routines that make your body and mind feel good. I've assigned some new tasks for the week and have continued others.

Subject	Task	How to record
DT/PSHE 	Plan, prepare and cook a meal (or two) with a family member. After, use slides to upload information about the dish, including the recipe and cooking instructions. If possible, upload pictures of you cooking and the final product. I'll do the same! CONTINUED	Create a 'slides' document in the DT/PSHE folder.
English 	Write a description of an activity that you can do at home during this time that does NOT involve screen time. This could be a dance or exercise routine, a game, etc. Share the activity on google drive (if possible) to inspire others.	Create a google doc in the English folder
Art 	Create art out of 'junk modelling' and post a picture of your creation in the art folder.	Upload a picture if possible of your creations in the art folder
PE 	Continue to join us every morning Monday-Friday at 9am for the Joe Wicks session, live on you tube. Every morning I post a google document for you to type your name. CONTINUED	Sign the morning PE document
