

Music Activity Year Two **Listening to Outdoor Sounds**

Listen to and guess the sounds.

Go for a walk near your home with an adult, stopping and listening very carefully as you go. What sounds can you hear? You could draw and label the sounds you hear on the worksheets provided.

If you would like to listen to some outdoor sounds online then you could visit the following link. It's aimed at early years but I think you will still find this fun and helpful.

<https://www.bbc.co.uk/teach/school-radio/eyfs-outside-sounds/zjyvt39>

Also, here is a link to this week's BBC Bitesize music lesson:

<https://www.bbc.co.uk/bitesize/articles/zjcwqp3>

Outdoor Sound Listening Walk

Draw and label the sounds you hear on your walk.

If the sounds are louder you could draw them larger. If they are quieter you could draw them smaller. Do they make a higher or lower sound? You could label higher or lower.

A large, empty rectangular box with a black border, intended for students to draw and label sounds they hear during an outdoor listening walk. The box is currently blank.
