

Music Activity Year Two **Listening to Indoor Sounds**

Listen to and guess the sounds.

Start somewhere in your house and slowly walk around, stopping and listening very carefully as you go. What sounds can you hear? You could draw and label the sounds you hear on the worksheet provided.

If you would like to listen to some indoor sounds online then you could visit the following link. It's aimed at early years but I think you will still find this fun and helpful.

Indoor Sound Listening Walk

Draw and label the sounds you hear around your home.

If the sounds are louder you could draw them larger. If they are quieter you could draw them smaller. Do they make a higher or lower sound? You could label higher or lower.
