the best we can be.'*

**PE and sport premium funding 2021 - 22**

As a legacy of the 2012 Olympic games, the government provides additional PE & Sport funding to sustain and improve the provision for physical education (PE) and sport in primary schools. Schools must spend the additional funding on improving their provision of PE and sport, following the guidance from the DFE (30.10.20).

This statement outlines how we have invested our funding and the impact of our previous years expenditure. At our school we are committed to ensuring our children understand the importance of being active, having a healthy lifestyle and enjoy sports and games activities.

In 2021 - 2022 we will invest this money in:

- Providing continuing professional development for our Physical Education lead and staff team, developing their skills and subject knowledge to enable them to deliver and lead effectively and ensure positive outcomes.
- The PE lead to oversee participation in borough competitions, the structure of school teams and the training programme for their development alongside sports coaches.
- To further develop our curriculum to include: 1. Extra-curricular opportunities and 2. The skills development linked to sports day competitions 3. Comprehensive for sports coaches and staff use
- Providing pupils with opportunities to take part in a wider variety of sports and outdoor activities which would not usually form part of a primary curriculum, inspiring interest and aptitude in a range of disciplines including the Virgin Mini Marathon and Bike around the borough.
- Providing after school sports activities.
- Providing opportunities for structured physical activities at lunch times.

Number of pupils and sports funding received	
Total number of pupils on roll eligible for PE and sports funding	170
Total amount carried over from 2020 - 21	£3, 590
Total amount received 2021 - 22	£17, 438
Total amount to spend 2021-22	£21, 028

Use of funding	Funding allocated
<b>1. The engagement of all pupils in regular physical activity</b>	
-Lunchtime sports activities and games led by Fit For Sports will engage all pupils in regular physical activity as well as enjoyment of play times. This will support pupils physical and mental development.  Our aim is to ensure a high take up of activities and sports at playtimes, targeting individuals that are reluctant to participate in physical activities ensuring the number of these pupils increasing.	£4095
-Supplement funding to support for identified pupils to participate in after school provision with Fit For Sports to support their development and wellbeing.  The uptake of physical activity beyond the curriculum inspires pupils to be active but also access enrichment opportunities that they may not otherwise be able to access.	£5000
<b>2. The profile of PESSPA being raised across the school as a tool for whole school improvement</b>	

<p>-Work with FFS to develop a comprehensive series of lesson plans for our pupils to further enhance teaching and learning and that can be used by both coaches and staff. Time out needed for lead.</p> <p>Our aim is that there is high quality teaching across the school because resources and CPD support staff in delivery.</p>	£1400
<p>-Provide a range of coaches across the year to support participations of additional activities such as dance, yoga and athletics.</p> <p>Our aim is to encourage children's participation in sport, understand about nutrition and provide cultural capital opportunities.</p>	£3407
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport	
<p>-CPD platforms and face to face training develop teachers (inc PE lead) and support staff knowledge and skills so that their delivery or support in lessons has a positive impact on pupil outcomes.</p> <p>Our aim is to ensure that those staff delivering and supporting PE lessons can do so effectively to ensure best outcomes for pupils.</p>	£2626
4. Broader experience of a range of sports and activities offered to all pupils	
<p>-Provide opportunities for pupils to participate in running and cycling activities inc subscription or entry to events, cycle loan schemes, cover for staff to deliver opportunities.</p> <p>Our aim is to engage children in the upper part of the school in running club and cycling through participation in planned activities throughout the year that are beyond our normal offer. This will support them in understanding healthy lifestyles and also environmental benefits as they prepare for secondary school and independence.</p>	£2500
5. Increased participation in competitive sport	
<p>-PE lead has cover time to enable her to link with other schools and coaches to plan and action opportunities for competitive sports within the borough.</p> <p>Our aim is to ensure children have the opportunity to put what they have learned into action by competing against themselves or others. This could include focused sports inc participation in cycling or running activities.</p>	£2000
Total actual cost £21, 028	

Impact in 2021 – 22

Impact of swimming

Meeting national curriculum requirements for swimming and water safety	%
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	81
What percentage of your current Year 6 cohort use a range of strokes effectively?	81
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	81

- Trained TA/sports coach was engaging pupils in physical activities for 30 min per day in the playground. There are a range of activities. Pupils report that they enjoy these times and that they like having the opportunity to play active games with their friends.
- Pupils in Year 5 access cycling training to continue to improve proficiency, safety and confidence to encourage healthy lifestyles in the future. The impact is that many more children cycle to school and feel confident in cycling.
- The deputy headteacher led running club for year 6 across the year to encourage a love of running. Children liked the challenge and improved their fitness overtime. Two pupils excelled in this and were keen to take p running as they went into secondary school.
- Year 6 pupils had paddle boarding and kayaking lessons to encourage water sports activities on residential. This further increased confidence in water, developed skills and supported team building and wellbeing.
- Year 5 accessed additional swimming lessons, to replace for the lessons missed during covid, supporting them to meet requirements in swimming in 2023.
- Year 4 took weekly swimming lessons as part of their Physical Education teaching, across the academic year.
- Fit for Sport staff delivered training alongside the PE lead to build skills, knowledge and confidence in the teaching staff. Lesson plans were provided to support the delivery of lessons that followed on from the sports coach lessons. This had a positive impact on the quality of teaching.
- The school offered after school sports clubs albeit the uptake was still quite low which we believe was an impact of covid and families working from home. Children enjoyed these sessions albeit they're was a lack of consistency from FFS staff which impacted on the quality of provision at times.
- New equipment supported staff in running physical activities and games during breaks.
