the best we can be.'*

6<sup>th</sup> March 2023

### Science Week

Dear Parents/carers,

Science is a subject that relates to our understanding of the processes of the world around us. As such, it is one of the most relevant subjects that children can engage in, both in school and at home.

Science week is fast approaching and nationally, it will take place between **Friday 10<sup>th</sup> March – Friday the 17<sup>th</sup> March**. Children will spend two afternoons participating in fun, hands on science activities. As teachers have two strike days during this week, activities may be completed during alternative times and the science fair will be held on a later date: Monday 27<sup>th</sup> March 2023.

### Science Fair

Children will be given the opportunity to showcase science taking place at **home**. Our science fair will be held straight after school on **Monday 27<sup>th</sup> March 2023**.

Parents and carers are encouraged to support their child at home to develop a safe and exciting experiment. If pupils wish to be a part of the science fair then we ask parents to support their child on this day, arriving in school at **3:10** to help set up.

This is a fantastic and exciting opportunity for you and your child to work together and create an experiment at home that can be shared with the whole school. This would promote a love of science and inspire the children to experiment at home, to further extend their scientific skills.

So that we can organise the fair efficiently a slip is attached below, if you would like to participate in the Science Fair, then please return the slip to **Ms. Kennedy in the office** by **Monday 13<sup>th</sup> March**.

If you have any questions then please come and see me,

Yours Sincerely,

Miss Power

---

I would like \_\_\_\_\_ (child's name and year group) to participate in the Science Fair on **Monday 27<sup>th</sup> March 2023** from 3:10pm.

I will come and help my child on the day (tick)

Signed \_\_\_\_\_ Date \_\_\_\_\_
