Notices:

Reading - Please ensure your child reads on a daily basis for 10 – 20 minutes and that you sign your child's reading log every day to say that they have done this. Fluency and accuracy of reading is important, but it is also extremely valuable for you to ask your child questions about what it is they are reading so that they can develop important comprehension skills.

Bronze level accreditation 2019

Important: The books that go home for reading on the Wednesday **must** be returned that same Friday. If books are not returned in a timely manner, there may be a charge.

Important: The books that go home for reading on the Wednesday **must** be returned that same Friday. Nothing needs to be brought into school on the Thursday. If books are not returned in a timely manner, there may be a charge.

Counting and number knowledge – Please ensure your child practises their counting on a daily basis as part of their homework routine. We are practising our 2s, 5s and 10s. Practising number recognition and making sure all numbers are facing the right way and are written correctly also encourages a stronger number sense. Practise the different symbols (+, - and =) and what they mean and where they sit in a number sentence. A strong knowledge of number bonds to 10 is highly helpful.

PE: Please ensure your child comes to school in their PE kit on the PE days.

Water bottle: You must have a **labelled** water bottle in school every day.

Ms Singleton and Mrs Bay
